List the things that intimidate you the most about teaching / leading / speaking.

We've all seen public speaking go bad

Ephesians 6:19-20

1. PRAY

James 1:2-8 - too high a view of people, too low a view of God Fear of man (we respect the opinions of people too much)

2. BE CONFIDENT IN HIS TRUTH

Make sure you are backed by the authority of 'the word. They are not your ideas

Study diligently [2 Timothy 2:15]

Write things down / keep good notes

3. START SMALL / SIMPLE

Start with an area God revealed to you. Develop it.

It's not a matter of knowing more than others. It's what He has taught you. Keep it personal

4. PRACTICE

You have to step in.

You could become an expert in any discipline, but you would have to be passionate about it.

Do you really care enough to work at it?

Do you trust God to help you? Do you believe His Word?
